---

## **OVERVIEW**

- ❖ Junior Web Developer with hands-on experience in building and deploying web applications using HTML, CSS, JavaScript, ReactJS, and NextJS. Skilled in API integration, basic automation with Python, and cloud deployment through Git Actions and Vercel. Familiar with AWS services, databases, and both Linux and Windows environments. Quick learner with a collaborative mindset and strong interest in creating efficient, user-focused web solutions.

## **PROFESSIONAL SUMMARY**

- ❖ Skilled in building web interfaces using HTML5, CSS3 and modern **JavaScript/TypeScript** to create responsive, user-friendly layouts.
- ❖ Worked with frameworks such as **React v16+** and **Next.js v13+** to develop modern front-end applications.
- ❖ Integrated APIs and data services into web applications to enable dynamic content and user interaction.
- ❖ Automated development workflows and scripting tasks with Python 3.x and tools like n8n, improving speed and consistency.
- ❖ Deployed web applications using GitHub Actions (CI/CD) and Vercel for continuous delivery and hosting.
- ❖ Familiar with cloud infrastructure using AWS services such as EC2, Lambda and S3, and comfortable working with relational databases (MySQL, SQL Server, PostgreSQL) and both Linux and Windows server environments.
- ❖ Adapted to team-based development methodologies including **Agile (Scrum) and Waterfall**, used ticketing systems like ServiceNow and Jira, and embraced modern AI-assisted tools for co-working and faster development cycles.

## **TECHNICAL SKILLS**

- ❖ Web Technologies: HTML, CSS, JavaScript [ReactJS/NextJS] and API.
- ❖ Scripting/Automation Skills: Python 3.x and n8n.
- ❖ Deployment Tools: Git Action and Vercel Deployment.
- ❖ AWS Cloud Services: EC2, Lambda and S3.
- ❖ Database: MySQL 8.x, SQL Server 2017/2019, PostgreSQL 13.x/14.x
- ❖ Operating Systems: Linux – RHEL 8.x / CentOS 8 / Ubuntu Server 20.04/22.04; Windows – Server 2019/2022
- ❖ Business Application Skills: MuleSoft Administration.
- ❖ Ticketing Tools: ServiceNow.
- ❖ Project Methodologies: Agile Scrum and Waterfall

## **WORK EXPERIENCE**

### **Project #1:**

**Employer** : AAC IT Pvt. Ltd., Chennai.  
**Period** : Dec 19 – Jan 23.  
**Work mode:** Hybrid / Remote.  
**Title** : Jr. Web Developer

### **RESPONSIBILITIES**

- ❖ Build and maintain web applications using HTML5, CSS3 and modern JavaScript/TypeScript frameworks like React and Next.js, ensuring that the interfaces are responsive and user-friendly.
- ❖ Connect front-end features to APIs so that users see dynamic content and have smooth interactions.
- ❖ Use Python (3.x) and tools like n8n to automate routine development and operation tasks, helping make builds, tests and deployments faster and more consistent.
- ❖ Deploy web applications through CI/CD workflows using GitHub Actions and host them on platforms such as Vercel, while also working with AWS services like EC2, Lambda and S3 to scale solutions.
- ❖ Work with relational databases such as MySQL 8.x, PostgreSQL 13/14 and SQL Server 2017/2019 to store, retrieve and integrate data for web features.
- ❖ Participate in code reviews, debug issues, test across different browsers and devices, and optimize performance to keep code clean and reliable.
- ❖ Apply your knowledge of generative AI tools to modernize development workflows—this might include using AI-based assistants for coding, prototyping interfaces or speeding up content generation.
- ❖ Collaborate with team members in Agile (Scrum) or Waterfall settings, using ticketing tools like ServiceNow and Jira to manage tasks, attend planning meetings and retrospectives, and keep communication open.
- ❖ Continuously learn and adapt by staying up-to-date with emerging web technologies, frameworks and best practices so you can bring improvements to code quality, user experience and development efficiency.

### **CERTIFICATIONS:**

- ❖ Certified **Generative AI for Everyone** by DeepLearning.AI.
- ❖ Certified IBM Full-Stack JavaScript Developer Professional from coursera.

### **EDUCATIONAL QUALIFICATIONS:**

- ❖ Diploma in the stream of Electronics and Communication from Excel, Erode, India.
